EXPERIENCE

2011-2016   **KPMG** Senior Manager - Financial modelling

As a senior Manager on the modelling team, a team of 40 FTEs and revenues in excess of £7m, Duncan has had a wealth of experience originating and managing complex modelling and IT projects. Examples of Duncan's recent larger projects include:

- RBS: Led the team which designed, built and implemented their PPI remediation calculation model. The engine paid hundreds of millions to hundreds of thousands people. It took a team of 4~8 a period of 18 months to build.

- Barclays: Led the team which designed, built and implemented a SQL based MI reporting system used to support the bigger KPMG remediation team of over 100 FTEs.

- Goldman Sachs: Built a bespoke class-oriented calculation engine for the purpose of pricing portfolios.

- KPMG STORM: Managed team which designed, built and implemented STORM, an online Basel III calculation engine. Go to www.KPMGStorm.com [un/pw: StormDemo]

2007-2011   **KPMG** Assistant Manager - Financial Services Audit

Duncan trained within the Firm's FS audit practice where he worked with companies such as HSBC, Visa, Deutsche Bank and Phibro.

2006-2007   **MOTT MACDONALD** Graduate Engineer - Tunnelling Department
